### **Additional Information:**

The Western Zone Age Group Championships is a four-day championship swim meet for approximately 700 athletes' ages 8-14 from 14 western states. Athletes compete on one of 17 "all-star" teams from their state or region. Athletes, coaches, officials, team support personnel, families of swimmers, spectators, meet volunteers, zone and national swimming leadership attend a variety of event activities. Because of the Olympic Connection: Utah's Olympic legacy and the Rio Olympics occurring at the same time as the meet, planners envision more than just another swim meet.

Three key themes Passion, Connectivity, and Legacy establish the foundation of the experience we hope, with your help, to create. First, host a fun, high-level competitive event where the passion athletes and volunteers alike have for the sport is expressed. Our meet motto is Swim Your Passion. Second, leverage the concept of "connectivity" in bringing a swimming community together to build new friendships and catch the Olympic Spirit. Third, leave a legacy by making this one of the most fun and memorable events in everyone's swimming career no matter how large or small a part they play.

This meet, and other "national level" meets are called: Officials Qualifying Meets, or OQM's. This means the meet is approved by USA-Swimming as an event where national level certifications can be obtained. Officials may apply to be observed. National level evaluators are available to observe, mentor and certify. The mission of the USA-Swimming National Certification program is as follows: To develop officials who are competent, current and consistent from the LSC level meet to the highest level in our sport through a progressive training program based on an accumulation of experience acquired by specific meet attendance, mentoring and constructive evaluation. More information is available on the [USA-Swimming website](http://USA-Swimming website).

I have had a very positive experience developing as an official through the National Certification process and highly recommend it. Please know though, you do NOT need to be "nationally certified" to work this meet. An LSC certified swimming official is qualified. All officials who work the meet are requested to complete and turn in an application in order to aid in planning. However, walk-ins are also welcome. Applications and instructions will be available in the meet information and on the meet website, [utahzones2016.com](http://utahzones2016.com), in advance of the meet.

It takes many, many officials for a meet of this level to run well. There were 85 officials who worked this year's age group zone meet in Hawaii! Your help is very much needed. Please plan to work the meet whether or not you pursue national certification.

There is a meet website, [utahzones2016.com](http://utahzones2016.com), with more information, including discount lodging (coming soon.) Email updates may be received by signing up on the mailing list. Click the "Contact Us" button to leave contact information. Writing "Official" in the "Comment" field will filter what is sent. Others are also welcome and encouraged to sign up and may designate their role in that field as well.

Thank you for helping to build a solid foundation of officiating experience within the Western Zone. By taking advantage of educational and certification opportunities, our ability to give quality feedback to the swimmers increases. This can benefit their progress as competitive swimmers and people.

***ALL: Please mark the meet dates on your calendar, apply to work the meet and consider applying for national certification.***

I'd love to answer any questions you might have regarding the meet and look forward to seeing you on deck in August!
